745 Forest Parkway Forest Park, GA 30298

Frank Brandon City Manager

November 26, 2014

To the Honorable Mayor, members of the City Council and the Citizens of Forest Park:

State law requires that all general-purpose local governments publish within six (6) months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Forest Park for the fiscal year ended June 30, 2014.

The comprehensive annual financial report consists of management's representations concerning the finances of the City of Forest Park. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Forest Park has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Forest Park's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Forest Park's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Forest Park's basic financial statements have been audited by Mauldin & Jenkins, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Forest Park for the fiscal year ended June 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Forest Park's basic financial statements for the fiscal year ended June 30, 2014, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Forest Park was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City of Forest Park's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Forest Park's MD&A can be found immediately following the report of the independent auditor.

Profile of the Government

The City, incorporated in 1908, is located approximately nine minutes and seven miles south of Atlanta's downtown business district. The City enjoys access to Interstate Highways I-75 and I-285, and Hartsfield-Jackson International Airport. The City of Forest Park currently occupies a land area of 9.3 square miles and serves a population of approximately 21,000 based on the latest census. The City is empowered to levy a property tax on both real and personal properties located within its boundaries.

The City operates under the Council-Manager form of government. Policymaking and legislative authority are vested in the governing Council, which consists of a mayor and a five-member council. The governing Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and hiring the City Manager and the City's attorney. The City Manager is responsible for carrying out the policies and ordinances of the governing Council and overseeing the day-to-day operations of the City. The Council is elected on a non-partisan basis. Councilmembers are elected to four-year staggered terms with three councilpersons elected every two years. The mayor is elected for a four-year term. All Councilmembers are elected from their districts, while the Mayor is elected at large.

The financial reporting entity (the "City") includes all the funds of the primary government (i.e. the City of Forest Park, Georgia as legally defined), as well as its component units. Component units are legally separate entities for which the primary government is financially accountable. The City provides a full range of services, including police and fire protection; sanitation services; the construction and maintenance of highways, streets, and infrastructure; and recreational activities and cultural events.

The annual budget serves as the foundation for the City of Forest Park's financial planning and control. All departments of the City of Forest Park are required to submit requests for appropriation to the City Manager by mid-March of each year. The City Manager uses these requests as the starting point for developing a proposed budget. The City Manager then presents this proposed budget to the Council for review by mid-May. The Council is required to hold public hearings on the proposed budget and to adopt a final budget by June 30, the close of the City of Forest Park's fiscal year. The appropriated budget is prepared by fund, function (e.g. public safety), and department (e.g., police).

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated budget has been adopted. For the General Fund, this comparison is presented as part of the basic financial statements for the governmental funds. For governmental funds other than the General Fund, with appropriated annual budgets, this comparison is presented in the combining and individual fund statements and schedules section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment within which the City of Forest Park operates.

Local Economy

The economic outlook for this area remains positive, as the State and national economies improve. Many companies continue to discover that the southside of Atlanta provides much opportunity to build and maintain businesses. The City of Forest Park is located on the southside, in Clayton County. Because of the City of Forest Park's proximity to the City of Atlanta, the City is not dependent on a single industry or entity for any substantial portion of its revenue. The area has a wide variety of businesses and industries. The City of Forest Park has among other businesses: a K-Mart apparel warehouse, Ozark Automotive Distributors (O'Reilly Auto Parts) facility, the Clorox Company, Georgia Power, Bell South, and Ralcorp Frozen Bakery Products (formerly Sara Lee Bakery Group). The City also projects substantial growth from the future development of the Fort Gillem property. Transfer of the majority of the property from the Department of Defense was completed in June 2014. A senior citizen assisted living community is located in the City limits and a senior citizen community center was built by the City with funds from local and federal grants. Also, redevelopment of the Main Street area is now in the implementation stage.

The City of Forest Park continued to experience growth in 2014, as indicated by the following areas now under construction or recently completed:

- ♦ Fountain Elementary School Interior and exterior alterations and additions \$5,500,000.
- ♦ Premier Transportation natural gas fueling station addition \$450,000.
- ♦ Texaco Food Mart new gas station and convenience store \$347,000.
- ♦ City of Forest Park Recreation Center front entrance addition and alterations \$317,422.
- ♦ Fleet Pride interior alterations \$270,000.
- ♦ Sun Petro roof replacement \$146,750.
- ♦ Atlanta Gas Light buildings to house natural gas piping \$120,730.
- ♦ Handy Food Mart roof replacement \$105,000.
- ♦ Altec Industries roof replacement \$102,151.
- ♦ Atlanta Freight interior racking system \$100,000.
- ♦ Various other projects totaling \$482,400.

The activity reflects the continuing recovery of the economy and the construction industry. The City of Forest Park continues to experience modest growth from construction and improvements to existing structures.

The unemployment rate for Clayton County is 9.8% for August 2014 compared with 10.3% at August 2013. The August 2014 unemployment rate for Metro Atlanta is 8.0%, the State of Georgia is 8.1%, and the U.S. rate is 6.3%. The decrease in unemployment from 2013 to 2014 reflects the continuance of economic recovery for the State of Georgia and Clayton County.

Long-term Financial Planning. Current and Future Initiatives

Main Street Phase II

Main Street Phase II is a continuation of the streetscape project on Main Street. The project will consist of constructing brick paver handicap accessible sidewalks, landscaping, bicycle racks, trash receptacles, benches, and decorative pedestrian lighting on Main Street. Phase II continues on Main Street between the eastern end of Phase I Streetscape Improvements eastward to Jonesboro Road and on Coutney Drive to Jonesboro Road.

Main Street Redevelopment

A conceptual master plan developed by Cooper Carry for the Main Street redevelopment project has been approved by the Mayor and City Council. The master plan includes mixed-use commercial/residential, which allows for a mixture of commercial, retail and residential uses in a traditional main street fashion, mixed use office/residential, which allows for a mixture of professional office and residential uses. The master plan also includes mixed use transit village, which allows for a mixture of neighborhood-friendly commercial and retail, office and residential uses in a vertical arrangement with homes over shops and other uses, and is consistent with the transit village as recommended by the Forest Park Livable Centers Initiative Plan. Cooper Carry developed design guidelines which communicate to potential developers, investors and residents the vision for the community, and address specific architectural and specific design components. Planning efforts are being coordinated with the Main Street Redevelopment Plan and Fort Gillem Reuse Plan to project a seamless continuity of compatible land uses and development. The City of Forest Park has established Main Street and Fort Gillem as its first Redevelopment Area and Tax Allocation District.

Community Development Block Grant Projects

The City of Forest Park received \$275,191 in Community Development Block Grant Funds for improvements on Glenn Drive, Sharon Street, and School Place. The project consisted of constructing handicap accessible sidewalks, curb and gutter and drainage improvements The project was completed June 2014. Additionally, the City of Forest Park was awarded \$150,000 in Community Development Block Grant funds to supplement the 2009 CDBG Burks Road, North Avenue and Stillwood Cove project as well as the 2010 CDBG Glenn Drive, Sharon Street and School Place project.

Recently, the City of Forest Park was awarded \$75,000 in Community Development Block Grant funds for fiscal year 2013 and \$146,490 in fiscal year 2014 Community Development Block Grant funds. Fiscal year 2013 funds will be utilized to begin Phase I of the West Street Improvement Project. One hundred thousand dollars of the fiscal year 2014 funds will be utilized to begin acquisition of right-of-way and construction of the West Street Improvement Project. The remaining funds are allocated for a Neighborhood Stabilization Officer.

The Office of the City Manager will continue to seek grant funding for projects that will improve the quality of life for the residents and businesses in Forest Park.

Fort Gillem

Fort Gillem is a 1427 acre military installation which was approved for closure on September 15, 2011. The Fort is home of the First U.S. Army, the Army and Air Force Exchange Service Distribution Center, and other entities, including organizations from the Active Component, Reserve Component, Georgia Army National Guard, and other Department of Defense and federal agencies. The Army will retain approximately 250 acres for use by the Criminal Investigation Laboratory and Reserve units.

The Forest Park/Fort Gillem Local Redevelopment Authority (FP/FG LRA) created by the Mayor and City Council is the entity responsible for developing a Comprehensive Reuse Plan for Fort Gillem. The FP/FG LRA continues to accomplish planning in three phases: Phase I – Visioning and Market Analysis; Phase II – Outreach and Comprehensive Reuse Planning; and Phase III – Property Conveyance and Redevelopment.

The Forest Park/Fort Gillem Local Redevelopment Authority submitted to the Army, Department of Defense, and U.S. Department of Housing and Urban Development (HUD) a Strategic Reuse Plan for Fort Gillem and a Homeless Assistance Application on August 6, 2007. HUD approved the Reuse Plan and Homeless Assistance Application on September 12, 2008.

The FP/FG LRA continues Phase III- Property Conveyance and Redevelopment. A Master Developer has been selected to assist in preparing an Economic Development Conveyance application and in identifying Developments of Regional Impact entitlements. The LRA completed the Operating Plan for Fort Gillem in December 2008 and a Business Plan for Fort Gillem in September 2009.

On October 5, 2009, the Mayor and Council adopted an ordinance that created the Forest Park/Fort Gillem Implementation LRA (ILRA). The ILRA was recognized by OEA on October 30, 2009 as the sole entity responsible for continued planning and redevelopment. In January, 2010, the ILRA submitted to the Army its EDC Application and a letter proposing a disposition strategy for the remaining property. After extensive negotiatons and discussions, the ILRA and Army met in October 2011 to discuss and refine the application and to negotiate the property that will be transferred to the ILRA by EDC. In January 2012, the ILRA and Army signed a Deal Points Term Sheet whereby the ILRA would purchase all 1168 acres for \$30 million, \$15 million of which would be paid at initial closing and the balance over seven years in installments. In October 2012, the Army advised that the ILA had submitted an approvable EDC Application. Final negotiations over a future guaranty of payment and other provisions that would be included in the initial Quitclaim Deed, MOA, Guaranty Letter and Intergovernmental Agreement with the City of Forest Park were finalized the first quarter of calendar year 2014. Also in the first quarter of 2014, the City Council created the Urban Redevelopment Agency of the City of Forest Park URA) which was recognized by OEA as the "ILRA" going forward. The draft ordinance and design guidelines for the Fort Gillem Zoning District have been completed. The public review and approval process was completed in early 2014. The Boundary Survey work has been completed. On June 11, 2014, the Army transferred 770 acres to the URA. The URA immediately transferred 253 acres to Kroger. The Army continues environmental remediation on the remaining 398 acres and has entered discussions with the URA to conclude and Environmental Services Coopertive Agreement (ESCA) that will effectively "privatize" the cleanup using Army funding. The ILRA/URA is funded by OEA grants and City of Forest Park matching funds. The 2009-2010 OEA grant was \$945,257 (\$848,480 in Federal funds). The 2010-2011 OEA grant was \$390,931 (\$351,005 in Federal funds). The 2011-2012 OEA grant was \$348,231 (\$312,305 in Federal funds). The 2012-2013 OEA grant was \$606,520 (\$544,685 in Federal funds). The 2013-2014 grant is \$625,448 (\$561,122 in Federal funds.) The 2014-2015 grant will be \$626,436 (\$561,196.40 in Federal funds.)

The LRA estimates that the \$482.5 million on and off-site redevelopment of Fort Gillem will take 15-20 years. The site will include 300-350,000 square feet of office space and 6-7 million square feet of industrial warehouse space. The project is expected to generate an estimated 2,500 - 3,000 permanent jobs and over 4,000 construction jobs. The project will more than double real property taxes for the City.

The Governing Body of the City of Forest Park is already authorized to be a Georgia Redevelopment Authority and created a Tax Allocation District, effective December 31, 2008, that includes Fort Gillem. The TAD will produce over \$80 million in taxes that will directly benefit this and the Main Street revitalization projects.

Impact of Financial Policies on Financial Statements

The following policy has been adopted by the City Council during fiscal year 2011 in order to address the implications of the Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Definitions. The policy is created in consideration of unanticipated events that could adversely affect the financial condition of the City and jeopardize the continuation of necessary public services. This policy will ensure that the City maintains adequate fund balances and reserves in order to:

- Provide sufficient cash flow for daily financial needs,
- Secure and maintain investment grade bond ratings,
- Offset significant economic downturns or revenue shortfalls, and
- Provide funds for unforeseen expenditures related to emergencies.

The City's cash and investment management policy is to minimize credit and market risks while maintaining a competitive yield on its deposits. As of June 30, 2014, all of the City's bank deposits were insured or collateralized. The City's investment objectives in order of priority are:

- Safety of principal,
- Maintenance of adequate liquidity,
- Return on investment, and
- Legality.

The City of Forest Park maintains a partially self-insured Workers' Compensation program. A third party administrator conducts investigations, handles claims payments, and loss reporting.

The City's safety committee meets on a regular basis to review all claims for property damage and employee injuries and make a determination on whether the accident was chargeable to the employee. Disciplinary action can be taken based on the number of chargeable accidents to an employee. The City's goal is to protect the employee welfare and continue to reduce the City's general liability as well as Workers' Compensation liability.

Awards

The City intends to submit this report to the Government Finance Officers Association (GFOA) for its consideration for awarding the Certificate of Achievement for Excellence in Financial Reporting. We believe that the report meets the Certificate of Achievement Program's requirements for the highest standards in government accounting and financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Forest Park for its comprehensive annual financial report for the fiscal year ended June 30, 2013. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of State and local government financial reports.

A Certificate of Achievement is valid for a period of one year only. The City of Forest Park has been awarded the Certificate of Achievement for every submission of its CAFR for the past 34 consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and are submitting it to the GFOA.

Acknowledgements

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. Without the leadership and support of the governing body of the City, preparation of this report would not have been possible.

Sincerely,

Frank Brandon City Manager

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council City of Forest Park, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Forest Park**, **Georgia (the "City")** as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Forest Park, Georgia as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of Funding Progress (on pages 4 through 11 and page 47, respectively) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules and the schedule of projects constructed with special purpose local option sales tax proceeds (as required by the Official Code of Georgia Annotated 48-8-121), as well as the introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Other Information (Continued)

The combining and individual nonmajor fund financial statements and schedules and the schedule of projects constructed with special purpose local option sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing the reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules and the schedule of projects constructed with special purpose local option sales tax proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2014 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Atlanta, Georgia November 26, 2014

City of Forest Park, Georgia Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2014

As management of the City of Forest Park, Georgia (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$37,772,013 (net position). Of this amount, \$6,858,237 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City had an increase in net position of \$8,071,154 compared to an increase of \$1,867,769 in the prior
 fiscal year. The primary contributor to the increase was due to the purchase of the majority of the Fort Gillem
 property from the U.S. Army and the immediate sale of a portion of the property to Kroger. Also, the
 Sanitation Fund reported an increase in operating income as compared to the prior fiscal year.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$7,551,322. This represents an decrease from the prior fiscal year of \$87,909. The decrease can be attributed primarily to the net of the increase in the SPLOST Fund's fund balance and decrease in the General Fund's fund balance.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$2,104,703 or 9.5 percent of total General Fund expenditures. In the prior fiscal year, unassigned fund balance was \$3,919,818 or 17 percent of General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, culture and recreation, housing and development, judicial, and redevelopment and planning. The City's business-type activities consist of a Sanitation Fund used to account for the collection of solid waste from residents and businesses, a Local Redevelopment Authority Fund used to account for fees collected from tenants of rental property owned by the City and for property acquisitions and redevelopment of property throughout the City, and an Urban Redevelopment Agency Fund used to account for the property acquisitions of Fort Gillem from the United States Army and subsequent sale of these properties to developers and third parties to implement the urban development plan for the area.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. As shown on page 14, such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains nine (9) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and SPLOST Capital Projects Fund. Data from the other seven (7) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund, SPLOST Fund, and all special revenue funds. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

Proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements, as shown on page 18. The City uses enterprise funds to account for its trash pickup services and used to account for fees collected from tenants of rental property owned by the City (Local Redevelopment Authority) and to account for property acquisitions and redevelopment of property throughout the City and on the Fort Gillem property.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and begin on page 21.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report presents the schedule of funding progress as required supplementary information on page 47 of this report.

Combining and individual fund statements and schedules. In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules. This section can be found on pages 48-58 of this report.

Statistical section. In addition to the basic financial statements and accompanying notes, this report also presents various supplementary and statistical information such as 10 year presentation of revenues, expenditures and tax rates. The statistical section can be found on pages 59-79 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$37,772,013 at the close of the most recent fiscal year. Table 1 on the following page is a summary of the City's net position.

Table 1 Net Position											
			ernme				ss-type ities		Total Gove		•
		2013		2014		2013	2014		2013		2014
Current and other assets	\$	9,133,055	\$	9,646,017	\$	945,943	\$ 34,400,614	\$	10,078,998	\$	44,046,631
Capital assets		16,882,254		18,255,607		8,001,214	8,001,214		24,883,468		26,256,821
Total assets		26,015,309		27,901,624		8,947,157	42,401,828		34,962,466		70,303,452
Current liabilities		1,847,373		2,200,851		732,297	816,809		2,579,670		3,017,660
Long term liabilities		2,668,722		2,737,934		13,215	26,775,845		2,681,937		29,513,779
Total liabilities		4,516,095		4,938,785		745,512	27,592,654		5,261,607		32,531,439
Not a self-on-											
Net position:		16 105 006		17 660 605		0.001.214	9 001 214		24 197 020		25 670 000
Net investment in capital assets		16,185,806		17,669,695		8,001,214	8,001,214		24,187,020		25,670,909
Restricted		3,623,381		5,242,867		-	-		3,623,381		5,242,867
Unrestricted	_	1,690,027	_	50,277	_	200,431	 6,807,960	_	1,890,458	_	6,858,237
Total net position	\$	21,499,214	\$	22,962,839	\$	8,201,645	\$ 14,809,174	\$	29,700,859	\$	37,772,013

By far, the largest portion of the City's net position (\$25,670,909 or 68%) reflects its investment in capital assets, net of related debt (e.g., land, buildings, machinery, and equipment, net of related debt). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Governmental activities

Governmental activities resulted in an increase in net position of \$1,463,625. The increase is primarily due to transfers from the Sanitation Fund of \$500,000 and excess revenues over expenses of \$963,625 for fiscal year 2014.

Business-type activities

Business-type activities resulted in an increase in net position of \$6,607,529. The increase is primarily due to the purchase of the majority of the Fort Gillem property from the U.S. Army and the immediate sale of a portion of the property to Kroger.

Governmental activities

Overall governmental activities revenues decreased \$899,341 or 3.3% primarily as a result of decreased capital grants activities. Governmental activities operating grants revenues increased \$384,840 or 51.2%. Overall governmental activities expenses decreased \$185,703 or 0.7%.

Business-type activities.

Business-type activities resulted in an increase in revenues of \$22,194,359 and an increase in expenses of \$15,277,336. The increase is primarily due to the purchase of the majority of the Fort Gillem property from the U.S. Army and the immediate sale of a portion of the property to Kroger.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Table 3 below compares governmental fund revenues and expenditures for 2013 and 2014.

Table 3
Governmental Revenues, Expenditures, and Changes in Fund Balances

		Govern	mental F	unds
		2013		2014
Revenues:	•	40.050.000	•	40.054.047

Net change in fund balances		1,600,485		(87,909)
Fund balances, beginning of fiscal year		6,038,746		7,639,231
Fund balances, end of fiscal year	\$	7,639,231	\$	7,551,322

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The combined fund balances for all governmental funds is \$7,551,322, which is a decrease of \$87,909 from the prior fiscal year. The decrease is due primarily to the City not initiating any new capital leases during fiscal year 2014 compared to fiscal year 2013. The most notable revenue changes are the decrease in fines and forfeitures and the increase in charges for services. The most notable expenditure changes are the decrease of housing and development and increase of redevelopment and planning.

A detail of the governmental funds can be found on pages 14 and 15 of the Comprehensive Annual Financial Report. The General Fund is the central operating fund of the City. For 2014, this fund had \$2,205,522 of expenditures over revenues compared to expenditures over revenues of \$1,998,786 in the prior fiscal year. The deficiency of revenues under expenditures can be primarily attributed to decreased Fines and forfeitures and sales tax revenues. The SPLOST Capital Projects Fund is used to account for the proceeds of a sales tax levied in Clayton County, which will be used by the City for the exclusive purpose of capital outlay projects. As of fiscal year end, this fund had a fund balance of \$3,939,384.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The City has a Sanitation Fund which operates much like a private business. As discussed in previous paragraphs, most of the operations of the Sanitation Fund have been transferred to a private company. Operating revenues increased from \$2,691,874 in the prior fiscal year to \$2,778,338 in the current fiscal year, which represents a 3.2% increase. Operating expenses decreased from \$2,511,093 in the prior fiscal year to \$2,379,596 in the current fiscal year, which represents a 5.2% decrease. The Local Redevelopment Authority Fund is used to account for the City's property acquisitions and redevelopment of property throughout the City. Net position increased from \$7,990,336 at prior fiscal year end to \$7,993,327 in net position at current fiscal year end. As discussed previously, during fiscal year 2014, the City created the Urban Redevelopment Agency to account for the property acquisitions of Fort Gillem from the United States Army and subsequent sale of these properties to developers and third parties to implement the urban development plan for the area. As of June 30, 2014, the Urban Redevelopment Agency Fund reported operating revenues, operating expenses, and operating income of \$22,093,933, \$13,943,763, and \$8,150,170, respectively, and paid interest expense of \$1,444,374 on debt incurred during the month of June 2014.

General Fund Budgetary Highlights

A comparison of General Fund actual expenditures compared to budget can be found on page 17 of the Comprehensive Annual Financial Report. General Fund revenues were \$2,255,114 less than budgeted. This was partially offset by expenditures of \$1,107,042 less than budgeted. Significant components of the net variance of actual compared to budget are discussed below:

Revenues:

Tax revenues collected were \$986,966 less than budgeted due substantially to local option sales tax collections of \$549,615 less than budgeted and property tax collections of \$245,986 less than budgeted.

Fines and forfeitures collected were \$1,135,972 less than budgeted, due primarily to a decrease in the number of traffic violations. Total traffic violations for 2013 were 19,414 and for 2014 were 12,336. The decrease is a direct result of a shortage of patrol officers during the entire fiscal year.

Charges for services were \$206,509 less than budgeted due to the budget amount for ambulance fees based on a projected increase in rates and the rates not being increased during the fiscal year.

Intergovernmental revenues were \$130,515 more than budgeted due to revenue from the Georgia Department of Transportation to assist with paving of roadways. The revenue was not budgeted.

Expenditures:

Significant variances of actual expenditures as compared to budget are discussed below:

General government – General administration expenditures were \$163,338 below budget due primarily to actual personnel costs being less than budgeted amounts.

Public safety – Police expenditures were \$548,526 below budget due primarily to salaries and benefits paid being less than budgeted amounts. The Police Department operated with a shortage of patrol officers for the fiscal year.

Public safety – Fire expenditures were \$183,886 more than budget due primarily to actual personnel costs exceeding the budget amounts.

Public safety – EMS expenditures were \$104,438 more than budget due primarily to actual personnel costs exceeding the budget amounts.

Public safety – *E911* expenditures were \$88,062 below budget primarily as a result of actual salaries and benefits paid being less than budgeted amounts.

Public works expenditures were \$135,149 below budget primarily due to actual personnel costs being less than budgeted amounts.

Culture and recreation services were \$75,901 below budget due primarily to actual expenditures for salaries and benefits being less than projected.

Explanations of significant budgetary variances between the original budget and the final amended budget are discussed below:

Revenues:

Charges for services budget was increased by \$460,470 to provide police services for the State Farmers Market. The increase covers costs for additional salaries and benefits and equipment expenditures.

Expenditures:

General government – Executive budget was increased by \$77,026 to cover salary and related payroll costs for former City Manager, per severance agreement.

Public safety – Police budget was increased by \$460,470 to provide police services for the State Farmers Market. Also, the budget was increased by \$85,537 to provide additional salaries as a result of a pay increase for all City employees.

Public safety – Fire budget was increased by \$43,901 to provide additional salaries due to a pay increase approved by City Council for all City employees.

Housing and development – Planning and zoning budget was increased by \$158,094 to cover costs related to the Fort Gillem Project not covered by the federal government.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business type activities as of June 30, 2014, amounts to \$26,256,821 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment, park facilities, roads, highways, and bridges. Table 4 below summarizes capital assets of the City.

Table 4 Capital Assets		ernmer ctivities			iness ctiviti	-type es		Prima rnmer	•
	2013		2014	2013		2014	2013		2014
Land	\$ 3,228,589	\$	3,228,589	\$ 8,001,214	\$	8,001,214	\$ 11,229,803	\$	11,229,803

Buildings and improvements	3,904,518		3,621,350	-		-	3,904,518		3,621,350
Autos and trucks and other equipment	4,021,765		4,049,115	-		-	4,021,765		4,049,115
Infrastructure	 4,241,451		5,646,764				4,241,451		5,646,764
Total	\$ 16,882,254	\$	18,255,607	\$ 8,001,214	\$	8,001,214	\$ 24,883,468	\$	26,256,821

The City's total investment in capital assets increased from \$24,883,468 in 2013 to \$26,256,821 in 2014. Additional information on the City's capital assets can be found at Note 6 on pages 35 and 36 of this report.

Long-term debt. The City's long-term debt can be found in Note 7 on pages 37 through 39 of this report. In June of 2014, the Urban Redevelopment Agency of the City of Forest Park used a combination of revenue bonds and a note payable to finance the acquisition of Fort Gillem property.

Economic Factors and Next Fiscal Year's Budgets and Rates

The City has continued to improve its financial condition in 2013 and 2014. The increase in net position is \$8,071,154 in 2014, compared to an increase in net position of \$1,867,769 in the prior fiscal year. The City plans to maintain its positive financial condition as a result of the following:

- after transfer of sanitation operations to a private operator, the fund has reported operating income for several years. Operating income of \$398,742 has been reported for 2014 and operating income is projected again for 2015;

- tax revenues for 2015 are projected to increase from 2014. While the millage rate will remain the same at 14.743 for 2015, planned development of the Fort Gillem area is expected to generate increased property values and assessments for the City; and
- planned revitalization and development of commercial areas would increase property tax and business license revenues.

All of these factors were considered in preparing the City's 2015 budget.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Mike Blandenburg, Director of Finance, City of Forest Park, 745 Forest Parkway, Forest Park, Georgia 30297.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2014

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - total governmental funds	\$ (87,909)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the current period.	1,373,353
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	165,258
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the total of current year principal payments on the City's capital leases.	110,536
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 (97,613)
Change in net position - governmental activities	\$ 1,463,625

CITY OF FOREST PARK, GEORGIA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Forest Park, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

The City operates under a council/manager form of government and provides the following services to its citizens: public safety, public works, parks and recreation, public improvements, and general and administrative services.

Based upon criteria set forth by Governmental Accounting Standards Board (GASB) 61 "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and 34," the accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The City's blended component units, although legally separate entities, have a governing body which is substantively the same as the City's governing body and management of the City has operational responsibility for the component unit; therefore, data from these entities are combined with data of the primary government. Substantively the same means sufficient representation of the primary government's entire governing body on the component unit's governing body to allow complete control of the component unit's activities. To illustrate, the Board of a component unit may be composed entirely of the City Council and the Mayor, serving ex officio. The primary government is, essentially, serving as the governing body of the component unit. The blended component units of the City of Forest Park, Georgia have a June 30th fiscal year-end.

Blended Component Units:

The Forest Park/Fort Gillem Local Redevelopment Authority (the "FGLRA") was established for purposes of planning the reuse and economic development of the real estate and other assets presently comprising Fort Gillem, Georgia, a military installation which was selected for closure by the United States Department of Defense and the Independent Base Realignment and Closure Commission.

The FGLRA is governed by a Board of Directors consisting of ten (10) members, all of whom are appointed by or are members of the City of Forest Park's Council. The Mayor, City Manager, and five (5) members of the City Council serve as board members and the remaining three (3) board members are appointed by the Mayor and confirmed by City Council. The FGLRA is reported in the City's financial statements as a blended component unit (special revenue fund) as the governing body is substantively the same as the governing body of the primary government and there is a financial benefit or burden relationship as the City has assumed the obligation to finance the deficits of and provide support to the FGLRA. Separate financial statements for the FGLRA are not prepared.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Blended Component Units (Continued):

The Local Redevelopment Authority was created for the purpose of attracting development, industry, and employment opportunities to the City. The Mayor serves as a board member and the remaining board members are members of the City of Forest Park's Council. The Local Redevelopment Authority is reported in the City's financial statements as a blended component unit (enterprise fund) as the governing body is substantively the same as the governing body of the primary government and there is a financial benefit or burden relationship as the City has assumed the obligation to finance the deficits of and provide support to the Local Redevelopment Authority. Separate financial statements for the Local Redevelopment Authority are not prepared.

The Urban Redevelopment Agency of the City of Forest Park (the "URA") was created pursuant to Chapter 61 of Title 36 of the Official Code of Georgia Annotated, known as the Urban Redevelopment Law, which creates in each municipality in the State of Georgia a public body corporate and politic to be known as the urban redevelopment agency of the municipality for the purpose of exercising the urban redevelopment project powers. The URA was created for the purpose of acquiring approximately 1,170 acres of land known as Fort Gillem and will oversee the various redevelopment projects established in the urban redevelopment plan for the area. The URA is governed by a Board of Commissioners consisting of five members, nominated by the Mayor and City Council and confirmed by the City Council. The URA is reported in the City's financial statements as a blended component unit (enterprise fund) as the URA's debt will be repaid entirely or almost entirely with resources of the primary government pursuant to an Intergovernmental Redevelopment Cooperation and Assistance Agreement between the City and the URA. Separate financial statements for the URA are not prepared.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component units. (For the most part, the effect of interfund activity has been removed from these statements except for interfund services provided and used which are not eliminated in the process of consolidation). Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities and business-type activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from discretely presented component units (if any). The statement of net postion will include non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and interest earnings restricted for a particular function or segment. Taxes and other items not considered program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resource measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current fiscal year or soon enough thereafter to pay liabilities of the current fiscal year. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, intergovernmental revenue, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the City.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The SPLOST (Special Purpose Local Option Sales Tax) Fund is used to account for the proceeds of a sales tax levied in Clayton County, which will be used by the City for the exclusive purpose of capital outlay projects.

Additionally, the City reports the following fund types within the nonmajor governmental funds:

The **special revenue funds** account for revenue sources that are legally restricted or committed to expenditure for specific purposes.

The **capital projects funds** account for acquisition and construction of major capital facilities other than those financed by propriety funds.

The City reports the following major proprietary funds:

The **Sanitation Fund** is used to account for the City's solid waste collection, recycling and disposal activities.

The **Local Redevelopment Authority Fund** is used to account for the City's property acquisitions and redevelopment of property throughout the City.

The **Urban Redevelopment Agency** is used to account for the property acquisitions of Fort Gillem from the United States Army and subsequent sale of these properties to developers and third parties to implement the urban redevelopment plan for the area.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

In accounting and reporting for its proprietary operations, the City applies all GASB pronouncements. Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Budgets

Annual appropriated budgets are adopted for all funds. The budgets for the proprietary funds are for management control purposes and are not required to be reported. Budgets are adopted on a basis consistent with generally accepted accounting principles. Capital outlay expenditures are budgeted in each department rather than separately as capital outlay. All appropriations lapse at fiscal year end. Expenditures may not legally exceed budgeted appropriations at the department level (e.g. Administration).

E. Deposits and Investments

Georgia statutes authorize the City to invest in the following: (1) obligations of Georgia or any other state; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States government or one of its agencies; (4) obligations of any corporation of the United States government; (5) prime bankers' acceptances; (6) the State of Georgia local government investment pool; (7) repurchase agreements; and (8) obligations of any other political subdivisions of the State of Georgia. Any investment or deposit in excess of the federal depository insured amounts must be collateralized by 100% of state or U.S. obligations. For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents. Investments are reported at fair value as determined by quoted market prices.

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year, as well as all other outstanding balances between funds is reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2014, are recorded as prepaid items in both government-wide and fund financial statements.

H. Capital Assets

Capital assets, which include property, plant, equipment, computer software, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets (including intangible assets) are defined by the City as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of two (2) years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Infrastructure (e.g., roads, bridges, sidewalks, and similar items) prior to June 30, 1980 has been reported. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Major outlays for capital improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets is included as part of the capitalized value of the assets constructed. No interest expense was capitalized during the fiscal year ended June 30, 2014.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	15-40
Infrastructure	30-50
Equipment	5
Vehicles	5

I. Compensated Absences

The City offers all full-time employees a maximum of 640 hours of "buyback" sick time at the end of their employment. Employees must have twenty-four (24) days to participate in the buyback incentive program. Employees with more than ten (10) years services are vested. Vested employees have the right to receive 20% of accrued sick leave upon termination. The maximum number of days that the employee can buy back is limited to 60 days. Vested vacation and sick leave that is expected to be liquidated with expendable available resources is reported as expenditures and a fund liability at the fund level financial statements, for example, as a result of employee resignations and retirements. All vested vacation pay and sick leave expected to be paid at retirement are accrued when incurred in the government-wide and proprietary fund financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Deferred Inflows of Resources

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has one type of item that qualifies for reporting in this category. The deferred inflow of resource, unavailable revenue, arises only under a modified accrual basis of accounting and, accordingly, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes as these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

K. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts (if any) are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable (if any) are reported net of the applicable bond premium or discount. Bond issuance costs (if any) are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and bond issuance costs (if any), during the current period. The face amount of debt issued is reported as other financing sources. Premiums (if any) received on debt issuances are reported as other financing sources while discounts (if any) on debt issuances are reported as other financing uses. Issuance costs (if any), whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Fund Equity and Net Position

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets, liabilities, and deferred inflows of resources under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote and passage of an Ordinance of the City Council. Only the City Council may modify or rescind the commitment by passage of a subsequent ordinance.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The fund balance policy approved by an Ordinance of the City Council expressly delegates the authority to assign fund balance to the City's Finance Director.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Only deficits in fund balances may be reported as unassigned fund balance in other governmental funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Fund Equity and Net Position (Continued)

Net Position – Net position represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the previous section. All other net position is reported as unrestricted. The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

M. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures/expenses during the current fiscal year. Actual results could differ from those estimates.

N. Interfund Transactions

Interfund services provided and used in the fund financial statements are accounted for as revenue, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences between the Governmental Funds Balance Sheet and the Government-wide Statement of Net Position

The governmental funds balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities are not due and payable in the current period and therefore are not reported in the funds." The details of this \$3,517,356 difference are as follows:

Claims payable	\$ (31,013)
Capital leases payable	(585,912)
Net OPEB obligation	(1,633,892)
Compensated absences	(1,250,484)
Accrued interest payable	 (16,055)
Net adjustment to reduce fund balance - total governmental funds	
to arrive at net position - governmental activities	\$ (3,517,356)

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense." The details of this \$1.373.353 difference are as follows:

Capital outlay	\$ 2,803,870
Depreciation expense	(1,430,517)
Net adjustment to increase net changes in fund balances - total	
governmental funds to arrive at changes in net position of	
governmental activities	\$ 1,373,353

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation explains that "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$97,613 difference are as follows:

Claims and judgments	\$	227,238
Compensated absences		(72,062)
Accrued interest		2,397
Other post employment benefit (OPEB) obligation		(255, 186)
Net adjustment to decrease net changes in fund balances - total	<u> </u>	
governmental funds to arrive at change in net position of		
governmental activities	\$	(97,613)

NOTE 3. LEGAL COMPLIANCE - BUDGETS

By mid-March of each fiscal year, all departments of the City submit requests for appropriations to the City Manager so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the prior fiscal year, current fiscal year estimates, and requested appropriations for the next fiscal year.

Before May 31, the proposed budget is presented to the City Council for review. City Council holds public hearings and may add to, subtract from or change appropriations. The budget is then approved by an affirmative vote of a majority of the City's council. Expenditures may not legally exceed budgeted appropriations at the department level (e.g. administration).

For fiscal year ended June 30, 2014, the following General Fund departments and special revenue funds, had excesses of actual expenditures over appropriations:

General	Fund	departments:

Municipal Court	\$	6,236
Fire		183,886
EMS		104,438
Transfers Out		108,628
SPLOST Fund - Debt Service		34,433
Emergency Telephone System Fund - Public Safety		245,257
Emergency Telephone System Fund - Debt Service		94,555
Multiple Grants Fund - Public Safety		24,470
Tax Allocation District One - Ft. Gillem and Main Street - General Government	į	225

The expenditures in excess of appropriations were funded by greater than anticipated revenues as well as available fund balance.

NOTE 4. DEPOSITS AND INVESTMENTS

As of June 30, 2014, the City had \$6,185 invested for its governmental funds.

Investment	Maturities	Fair Value			
Ginnie Mae II Pool Asset Backed Security Georgia Fund 1	November 20, 2022 62 days	\$	5,473 712		
Total		\$	6,185		

Interest rate risk: On June 15, 2009, the City adopted a formal investment policy that limits investment maturities as a means of managing its exposure to fair value loses arising from increasing interest rates. The City minimizes the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. The City minimizes risk by investing operating funds primarily in shorter-term securities, money market accounts, or similar investment pools.

Credit risk: State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by State law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The City has an investment policy that would further limit its investment choices by investing operating funds primarily in shorter-term securities, money market accounts, or similar investment pools.

The Ginnie Mae II Pool Asset Backed securities are based on cash flows from principal payments on underlying mortgages. Therefore, they are sensitive to less than expected prepayments by mortgagees, which may result from an increase in interest rates. For example, if interest rates rise and homeowners do not refinance their mortgages, thereby not prepaying the mortgages underlying theses securities, the cash flows from principal payments may be slower than expected and the value of these securities declines. Likewise, if homeowners prepay mortgages faster than anticipated, the cash flows are greater and the return on the initial investment would be higher than anticipated.

The City's investments in mortgage backed securities pool is either insured or registered or are held by the City or its agent in the City's name.

As of June 30, 2014, the City's investment in the Ginnie Mae II Pool Asset Back Securities was not rated by any of the major rating agencies, since they are fully backed by mortgages.

NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

Credit Risk (continued): The local government investment pool, "Georgia Fund 1," created by OCGA 36-83-8, is a stable net asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of State Treasurer. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1 per share. The regulatory oversight agency for Georgia Fund 1 is the Office of State Treasurer. As of June 30, 2014, the City's investment in Georgia Fund 1 was rated AAAf by Standard' & Poor's. Funds included in this Pool are not required to be collateralized.

Custodial Credit Risk – Deposits: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes and City policy, require all deposits and investments (other than Federal or State government instruments) to be collateralized at 110% by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2014, the City's deposits with financial institutions were insured or properly collateralized in accordance with state statutes.

NOTE 5. RECEIVABLES

Property taxes are recognized in the governmental funds as revenue when levied to the extent they result in current receivables (i.e., amounts received within 60 days of fiscal year-end). The property tax assessment is formally levied on September 1, based on property values as of the previous January 1 (the lien date). Tax billings are mailed in the month of October, with a due date of sixty days after the mail date. On the sixty-first date, after they have been mailed, the bills become delinquent at which time, penalties and interest may be assessed by the City.

Property taxes are recorded as receivables and deferred inflows of resources when assessed. Revenues are recognized when available.

NOTE 5. RECEIVABLES (CONTINUED)

For the City's Sanitation enterprise fund, residential sanitation fees are billed annually on the same date as the property tax bill as noted above while commercial sanitation fees are billed monthly.

Receivables at June 30, 2014, for the City's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows:

	General Fund		General Fund SPLOST Fund			lonmajor vernmental Funds	Governmental Activities Total		
Receivables: Taxes	\$	1,680,940	\$		\$	5.047	\$	1,685,987	
Less allowance	Ψ	1,000,040	Ψ		Ψ	3,047	Ψ	1,000,007	
for uncollectible		(511,715)		_				(511,715)	
Taxes receivable, net		1,169,225		-		5,047		1,174,272	
Due from other governments		-		714,838		883,812		1,598,650	
Other		153,331		-		40,040		193,371	
Net total receivable	\$	1,322,556	\$	714,838	\$	928,899	\$	2,966,293	

	Sanitation Fund		Re	edevelopment Authority Fund	Business-type Activities Total		
Receivables: Accounts Less allowance	\$	1,154,542	\$	1,000	\$	1,155,542	
for uncollectible		(488,366)		-		(488,366)	
Accounts receivable, net	\$	666,176	\$	1,000	\$	667,176	

NOTE 6. CAPITAL ASSETS

Primary Government

Capital asset activity for the fiscal year ended June 30, 2014, is as follows:

	Beginning Balance	 Increases	<u>D</u>	ecreases	Transfers	Ending Balance
Governmental activities:						
Capital assets, not being depreciated:						
Land	\$ 3,228,589	\$ -	\$	-	\$ -	\$ 3,228,589
Construction in progress	1,485,931	1,334,308			 (1,110,450)	1,709,789
Total	4,714,520	 1,334,308		-	 (1,110,450)	 4,938,378
Capital assets, being depreciated:						
Buildings	7,935,700	-		-	=	7,935,700
Improvements	3,526,918	-		-	12,000	3,538,918
Computer & office equipment	631,541	69,390		-	-	700,931
Machinery & equipment	5,955,364	481,499		-	-	6,436,863
Vehicles	6,473,954	365,790		-	-	6,839,744
Infrastructure	11,705,197	552,883		-	1,098,450	13,356,530
Total	36,228,674	1,469,562			1,110,450	38,808,686

NOTE 7. LONG-TERM DEBT

Primary Government

Long-term liability activity for the fiscal year ended June 30, 2014, was as follows:

	Beginning				Ending	Dι	ue Within One
	 Balance	 Additions	_	Reductions	 Balance	_	Fiscal Year
Governmental activities:							
Claims payable	\$ 258,251	\$ 21,611	\$	(248,849)	\$ 31,013	\$	31,013
Capital leases payable	696,448	-		(110,536)	585,912		110,239
Compensated absences	1,178,422	1,243,464		(1,171,402)	1,250,484		622,115
Net OPEB Obligation	 1,378,706	 312,382		(57,196)	1,633,892		
Governmental activities							_
Long-term liabilities	\$ 3,511,827	\$ 1,577,457	\$	(1,587,983)	\$ 3,501,301	\$	763,367

	Beginning Balance	Additions	Reductions	Ending Balance	D _	ue Within One Fiscal Year
Business-type activities:						
Compensated absences	\$ 25,935	\$ 19,358	\$ (20,223)	\$ 25,070	\$	12,275
Note payable	-	11,745,000	-	11,745,000		_
Less discount	-	(1,111,950)	_	(1,111,950)		
Note payable, net	-	10,633,050	-	10,633,050		-
Revenue bonds payable	-	16,130,000	 -	16,130,000		
Business-type activities Long-term liabilities	\$ 25,935	\$ 26,782,408	\$ (20,223)	\$ 26,788,120	\$	12,275

For governmental funds, compensated absences are liquidated by the General Fund and capital leases are liquidated by the SPLOST Fund and Emergency Telephone System Fund. For business-type activities, compensated absences are liquidated by the Sanitation Fund. The claims payable and the net OPEB obligations for the City are liquidated by the General Fund.

Capital Leases - Equipment. The City has entered into lease agreements as lessee for financing the acquisition of communication equipment used in governmental activities. The lease agreements qualify as capital leases for accounting purposes (the lease term covers at least 75% of the asset's economic life and/or includes a bargain purchase option at the expiration of the leasing term), and therefore have been recorded at the present value of the future minimum lease payments as of the date of their inception. The original cost of the City's assets under capital lease arrangements at June 30, 2014 is \$743,535 and there has been \$95,390 of accumulated depreciation as of fiscal year-end. Annual depreciation (\$61,588) of these assets is included in depreciation expense.

NOTE 7. LONG-TERM DEBT (CONTINUED)

Primary Government (Continued)

The City's total capital lease debt service requirements to maturity are as follows:

	Governmental Activities	
Fiscal Year Ending June 30,	<u>-</u>	_
2015	\$	126,295
2016		123,602

2020		94,555
Total minimum lease payments	<u>-</u>	643,557
Less amount representing interest		57,645
Present value of future minimum lease payments	\$	585,912

Urban Redevelopment Agency

In June 2014, the Urban Redevelopment Agency of the City of Forest Park (the "URA") completed the first phase of acquiring Fort Gillem, a previously active military installation, from the United States Department of the Army. The URA used a combination of revenue bonds and a note payable to finance the acquisition of the property and additional information regarding these items is below.

Revenue Bonds. URA Revenue Bonds, Series 2014 were issued in June 2014 to provide part of the financing for acquiring Fort Gillem. The taxable revenue bonds were issued at a par value of \$16,130,000 and bear interest at 4.80%. Interest payments are due semi-annually on March 31 and September 30 and commence on September 30, 2014. Principal repayments on the bonds are due on September 30 as well and commence on September 30, 2017. Future debt service requirements to maturity on the revenue bonds are as follows:

Fiscal Year Ending June 30	Principal	Interest	 Total
2015	\$ =	\$ 621,543	\$ 621,543
2016	-	774,240	774,240
2017	-	774,240	774,240
2018	340,000	766,080	1,106,080
2019	350,000	749,520	1,099,520
2020-2024	2,275,000	3,448,680	5,723,680
2025-2029	3,210,000	2,795,280	6,005,280
2030	 9,955,000	238,920	 10,193,920

		 ·	 ·

NOTE 7. LONG-TERM DEBT (CONTINUED)

Urban Redevelopment Agency (Continued)

Note Payable. To provide for the remaining part of the financing needed to acquire Fort Gillem, the URA executed a note payable to the U.S. Department of the Army. An initial payment of \$15,000,000 was made at closing (funded by the URA Revenue Bonds, Series 2014 discussed above) and the remaining balance of \$11,745,000 is due in accordance with the following payment schedule per the note agreement:

- A payment of \$1,000,000 is due in June 2017
- A payment of \$2,000,000 is due in June 2018
- A payment of \$3,000,000 is due in June 2019
- A payment of \$4,000,000 is due in June 2020
- A payment of \$1,745,000 is due in June 2021

In addition to the above schedule, the final payment due in June 2021 may be increased to \$5,000,000 contingent upon the Department of the Army completing environmental cleanup and remediation projects on the remaining Fort Gillem property and transferring that property to the URA. As of June 30, 2014, those projects were still in progress.

As a condition to the note payable, the URA has obtained a declining revolving line of credit from a financial institution which may be used, as needed, to meet the regularly scheduled obligations to the Department of the Army detailed above. The total amount available to the URA to be drawn on the line of credit is \$15,000,000 and declines each year in accordance with the payment schedule to the Department of the Army noted above. Outstanding balances which have been drawn on the line of credit will bear interest at an annual rate equal to the sum of 1-month LIBOR plus 1.75% The line of credit also carries and unused balance fee of 0.21% and is payable guarterly.

The note exchanged between the URA and the Department of the Army does not include a stated interest rate. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 62, the URA has calculated the present value of the future payments on the note using an imputed interest rate of 1.90% resulting in a discount of \$1,111,950 as of June 30, 2014.

As security for the payments required, the City and the URA have executed an Intergovernmental Redevelopment Cooperation and Assistance Agreement whereby the City of Forest Park has pledged its full faith and credit and unlimited taxing power such that funds are available for the URA to make all debt service payments required by the note payable and line of credit.

NOTE 8. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2014, is as follows:

Due to / from other funds:

Receivable Entity	Payable Entity	Amount			
General Fund	Nonmajor governmental funds	\$	550,874		
General Fund	SPLOST Fund		27,278		
General Fund	Urban Redevelopment Agency		166,402		
		\$	744,554		
Urban Redevelopment Agency	Nonmajor governmental funds	\$	293,895		
Nonmajor governmental funds	Nonmajor governmental funds	\$	9,007		

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures/expenses occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund transfers:

Transfers In	Transfers Out	Amount
General Fund	Sanitation Fund	\$ 500,000
Nonmajor governmental funds	General Fund	\$ 108,628

Transfers were used to (1) reimburse the General Fund for past operating losses that were covered by the General Fund on behalf of the Sanitation Fund, and (2) fund grant matching requirements in special revenue funds.

NOTE 9. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Deferred Compensation Plan for the City of Forest Park, Georgia, available to all full-time employees, is a defined contribution plan and permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. As required by Federal regulations, these plan assets are held in a trust for the exclusive benefit of participants and their beneficiaries. The Plan is administered by a third party administrator, Swerdlin & Co. The trustee of the Plan is Reliance Trust Co. The City has no fiduciary relationship with the trust. Accordingly, the plan assets are not reported in the City's financial statements.

Employee contributions range from a minimum of 1% of the employees' base salary to a maximum of \$17,000 per year for employees less than 50 years old, \$22,500 for employees 50 years of age or older (as elected by the employee). Under the Plan authorized by the City Council, the City is required to make a fixed contribution equal to 5% of the aggregate annual compensation of all participants allocated as a 50% match. Additionally, the City can make discretionary contributions if deemed necessary or desirable. The City's contribution and related investment earnings allocated to an employee's account are fully vested after 5 years of continuous service. City contributions and interest forfeited by employees who leave employment before becoming vested are held in the Plan and are distributed to remaining participants.

The City contributed \$329,728 and Plan participants contributed \$726,561 to the Plan during the fiscal year ended June 30, 2013. At the beginning of the fiscal year, there were 402 participants with account balances. During the current fiscal year, 288 made contributions, 33 entered into the Plan, and 35 left the Plan, resulting in 400 participants with account balances at the end of the current fiscal year. Total value of the deferred compensation and thrift plans as of the current fiscal year-end is \$17,171,921 which results in an average participant balance of \$42,930.

NOTE 10. OTHER POST EMPLOYMENT BENEFITS (OPEB)

A. Plan Description

In accordance with GASB 45 requirements, the City of Forest Park is required to attribute the cost of postretirement benefits to the time during which the employee is working for the employer. GASB 45 requires allocation of the costs of a postretirement benefit plan onto the years of active employment; it does not require the funding of such benefits. GASB 45 requirements were implemented by the City of Forest Park during the fiscal year ended June 30, 2009. The City has elected not to establish a separate trust fund to account for other post-employment benefits, and has not funded the Plan as of June 30, 2014; therefore, there are no separate financial statements for the City's OPEB Plan.

NOTE 10. OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

A. Plan Description (Continued)

The City's OPEB Plan is a single employer defined benefit post-retirement plan which provides post-retirement health insurance benefits to certain retired employees. The benefit plan was established by the City's Mayor and Council under the provisions of the Plan documents on July 1, 1998, with provisions, similar to those provided for active employees. The City's Mayor and Council are authorized to approve amendments to the Plan.

Under the Plan, all employees retiring after July 1, 1998 and meeting the following requirements are eligible to participate. Disabled employees are also eligible to participate, but benefits are only paid for two (2) years maximum. Insurance coverage is provided for the retiree from the time of retirement until the retiree reaches 65 years of age or is eligible for Medicare coverage, whichever comes first.

Age at Retirement	Number of Years of Employment	Percent of Insurance Cost Paid by City for Retired Employee	Percent of Insurance Cost Paid by City for Retiree's Dependent		
55	15	60%	0%		
60	20	80%	0%		
62	25	100%	0%		
Disabled	15	50%	0%		

Expenditures for post-employment health care benefits are funded on pay-as-you-go basis. The City will pay between 60% and 100% of individual premium costs based on age and years of service according to the chart above.

At July 1, 2013, the date of the most recent actuarial valuation, there were 294 participants consisting of the following:

Retirees	4
Active employees	290
Total	294

NOTE 10. OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

B. Funding Policy

The City is not required to make any contributions to the Plan. The City of Forest Park has yet to adopt any funding requirements to the Plan other than pay-as-you-go.

For 2014, the City's annual required contribution was \$336,965 and actual employer contributions totaled \$57,196. The annual required contribution was determined as part of the July 1, 2013 actuarial valuation using the projected unit credit actuarial cost method.

C. Annual OPEB Cost

The City's actuarially required contribution (ARC), OPEB cost, and increase in net OPEB obligation for the fiscal year ended June 30, 2014, were computed as follows:

Actuarially required contribution	\$	336,965
Interest on prior fiscal year net OPEB obligation		55,148
Adjustment to ARC		(79,731)
Annual OPEB cost	'	312,382
Actual contributions made		(57,196)
Increase in net OPEB obligation		255,186
Net OPEB obligation (asset), June 30, 2013		1,378,706
Net OPEB obligation (asset), June 30, 2014	\$	1,633,892

Fiscal Year Ended June 30,	Annual OPEB Cost		Co	Actual OPEB ontribution	Percentage of OPEB Cost Contributed		Net OPEB Obligation	
2014 2013 2012	\$	312,382 304,583 337,983	\$	57,196 14,964 21,490	18.3 9 4.9 6.4	6	\$ 1,633,892 1,378,706 1,089,087	

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability.

NOTE 10. OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

C. Annual OPEB Cost (Continued)

As of the most recent valuation date, July 1, 2013, the funded status of the OPEB Plan was as follows:

Actuarial	Actuarial				UAAL as a
Value of	Accrued	Unfunded	Funded	Covered	% of Covered
Assets	Liability (AAL)	AAL (UAAL)	Ratio	Payroll	Payroll
[a]	[b]	[b-a]	[a/b]	[c]	[(b-a)/c]
\$ -	\$ 2,262,158	\$ (2.262.158)	0.0%	12,268,343	18.4%

Actuarial valuation involves estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the Plan in effect at July 1, 2013 and are based on the types of benefits provided under the terms of the substantive plan at the time of the valuation. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

The assumptions used in the July 1, 2013 actuarial valuation are as follows:

Cost Method Projected Unit Credit
Actuarial Asset Valuation Method N/A

Discount Rate 4% * per annum, compounded annually
Pre-retirement Mortality Rates 1994 Uninsured Pensioners, separately for males and females
Post-retirement Mortality Rates 1994 Uninsured Pensioners, separately for males and females
Amortization Method Level dollar for remaining unfunded liability
Remaining Amortization Period
Health Care Trend Rates 6.5% grades to 5.0% over 3 years

NOTE 11. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the Atlanta, Georgia area, is a member of the Atlanta Regional Commission (ARC). Dues to the ARC are assessed at the County level and are, accordingly, paid by Clayton County. Membership in the ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the ARC in Georgia. The ARC Board membership includes the chief elected official of each county and various municipalities of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Separate financial statements may be obtained from ARC, 40 Courtland Street, NE, Atlanta, Georgia 30303.

^{*} The inflation rate assumption is included in the discount rate of 4%

NOTE 12. RISK MANAGEMENT

The City is exposed to various risks of losses related to: torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City is self-insured for employee disability claims and partially self-insured for workers' compensation claims. The City purchases commercial insurance for all other risks of loss. Settled claims resulting from these insured risks have not exceeded the City's insurance coverage in any of the past three fiscal years.

Disability Benefits

The City provides disability benefits to employees under a plan adopted by the City Council. Under the City's plan, employees who become disabled are eligible to receive a weekly benefit of \$150 to \$300, depending on job classification. This disability benefit begins only after 30 days of disability and after the employee's accumulated sick leave has been exhausted. An employee may not draw disability benefits for more than twenty-four weeks. These disability benefits are not payable for disabilities covered by workers' compensation benefits. These benefits are paid by the City's General Fund. Disability benefit expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Changes in the disability benefit liability during the last two (2) fiscal years are as follows:

Fiscal Year ended June 30,	•	Beginning of Year liability		t Fiscal Year and Changes stimates	 enefit yments	End of Fiscal Year Liability	
2014	\$	-	\$	2,340	\$ 2,340	\$	-
2013		-		2,112	2,112		-

Workers' Compensation Insurance

The City is partially self-insured for workers' compensation claims. The City pays annual aggregate claims up to \$1,000,000 per year. These benefits are paid by the City's General Fund. Workers' compensation claims expense/expenditure and liability are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported.

Changes in the workers' compensation claims liability during the last two (2) fiscal years are as follows:

Fiscal Year	Beginning of Year Claims Liability		Claims	rrent Year and Changes Estimates	Claims Paid	End of Year Claims Liability		
2014 2013	\$	258,251 173,053	\$	21,611 280,109	\$ (248,849) (194,911)	\$	31,013 258,251	

NOTE 13. COMMITMENTS AND CONTINGENCIES

Contracts:

As of June 30, 2014, the City has \$757,408 in uncompleted construction contracts outstanding.

Litigation:

The City is a defendant in certain legal actions in the nature of claims for alleged damages to persons and property and other similar types of actions rising in the course of City operations. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Grant Contingencies:

The City has received Federal and State grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

Other:

The City has provided lump-sum payments to the estates of deceased employees. The amount of these payments, if any, is at the discretion of the City Council and does not represent a formal commitment of the City. Furthermore, when paid, these benefits are paid from the City's General Fund. The City had no such payments for the fiscal year ended June 30, 2014.

NOTE 14. HOTEL/MOTEL LODGING TAX

The City imposes a hotel/motel tax on lodging facilities within the City. The tax was assessed at 3%. Revenues were \$54,297 for the fiscal year ended June 30, 2014. Of this amount, 55% or \$29,944 was expended. Expenditures of the tax were used to promote tourism, conventions, and trade shows to operate, maintain, and market a conference center facility as required by the Official Code of Georgia Annotated (O.C.G.A.) §48-13-51.

REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2014

Schedule of Funding Progress

Postemployment Benefits:

The information presented below is based on the annual actuarial valuations as of July 1 of the respective fiscal year.

Actuarial Valuation Date	Actuarial Value of Assets	<u>Lia</u>	Actuarial Accrued ability (AAL)	Lia	Unfunded Actuarial Accrued ability (UAAL)	arial rued Funded Covered			UAAL as a Percentage of Covered Payroll
7/1/2013	\$ _	\$	2,262,158	\$	(2,262,158)	0.0 %	\$	12,268,343	18.4 %

7/1/2009	-		1,884,217		(1,884,217)	0.0		10,288,935	18.3
7/1/2008	-		1,745,215		(1,745,215)	0.0		N/A	N/A

See notes to financial statements for actuarial assumptions used in the above calculations.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt services or capital projects.

- **Emergency Telephone System Fund** To account for emergency services which are provided to all City taxpayers; financing is provided through user fees and charges. The charges from the telephone providers are restricted by the Official Code of Georgia Annotated (O.C.G.A.) 46-5-134.
- <u>Police Seizure Fund</u> To account for the collection of confiscated and seized assets obtained by the City's Police Department. These revenues are restricted by State law to be expended on investigations and other law enforcement activities of the City's Police Department.
- <u>Hotel/Motel Tax Fund</u> To account for the 3% lodging tax levied in the City. The tax revenues are restricted by the O.C.G.A. 48-13-51.
- <u>Multiple Grants Fund</u> To account for grants received from various Federal and State agencies and for which projected expenditures do not exceed 2% of the General Fund's budgeted total operating expenditures. The fund's revenues are restricted by the various external resource providers from whom the City has received the grant funds.
- <u>Forest Park/Ft. Gillem LRA Fund</u> To account for grants received from the United States Department of Defense Office of Economic Adjustment for the base reuse planning and redevelopment of the Ft. Gillem army base. The fund's revenues are restricted by the grantor agency for the use described previously.
- <u>Tax Allocation District One Ft. Gillem and Main Street Fund</u> To account for incremental property tax revenues received from the district as well as the redevelopment and planning expenditures made as amounts are collected. The City Council has committed all revenues generated by the TAD for the purpose of redevelopment and planning in the area.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for financial resources restricted, committed or assigned to expenditure for the acquisition or construction of capital assets.

<u>Capital Improvement Fund</u> - To account for locally funded acquisition and construction of major capital facilities financed by restricted local funds.

COMBINING BALANCE SHEET NONMAJOR GOVERNMENTAL FUNDS JUNE 30, 2014

STATISTICAL SECTION

This part of the City of Forest Park's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

	<u>Page</u>
Financial Trends	59
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	65
These schedules contain information to help the reader assess the City's most	
significant local revenue source, property tax.	
Debt Capacity	71
These schedules present information to help the reader assess the affordability of the	
City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	75
These schedules offer demographic and economic indicators to help the reader	
understand the environment within which the City's financial activities take place.	
Operating Information	78

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. The City implemented GASB 54 in Fiscal Year 2011; fund balance for governmental funds under the categories nonsependable, restricted, committed, assigned, and unassigned will be reflected in Fiscal Year 2011 and subsequent periods. The City also implemented GASB 63; Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position in Fiscal Year 2013.

(2) Reclassed sales tax revenues as program revenues instead of general tax revenues in order to be comparable to fiscal years 2010 and 2011.

Notes:
(1) FY 2008 property and other taxes increased significantly over previous years due to increase in the millage rate for 2007; therefore, governmental activities change in net assets increased significantly as well compared to previous fiscal years.

⁽³⁾ Increase is due to the creation of the Urban Redevelopment Agency during fiscal year 2014 and its completion of phase one of acquiring certain property from Fort Glillem through the issuance of debt and then the sale of certain land that was held for resell to other parties during the month of June 2014.

Fiscal Year	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014

Notes

(1) FY 2008 property taxes increased significantly over previous fiscal years due to an increase in the millage rate from 2007.

expenditures, and changes in fund balance for governmental funds. Beginning in FY 2008, the revenue is reported as business tax revenue. (2) For FY 2007 and prior fiscal years, business tax revenue was reported as licenses and permits revenue on the statement of revenues,

(3) Beginning in FY 2010, sales tax revenue only includes local option sales tax. Special purpose local option sales taxes are reported as capital grants and contributions on the statement of activities.

(4) The increase from fiscal year 2012 to fiscal year 2013 and from fiscal year 2013 to fiscal year 2014 is due to a new law in the State of Georgia. Motor vehicle taxes changed from an annual ad-valorem tax on the assessed value to a one-time title ad-valorem tax (TAVT).

2008	5,839,206 (3)	1,172,269	461,655	5,268,900	1,345,197	813,881	14,901,108
2009	5,527,818	1,200,350	445,697	5,175,118	1,417,693	1,408,928	15,175,604
2010	6,578,637 (3)	1,189,089	422,215	4,864,063 (4)	1,278,493	1,399,490	15,731,987
2011	6,687,180	1,157,906	382,636	4,627,030	1,406,851	1,408,489	15,670,092
2012	7,687,245 (3)	866,227	372,190	4,767,454	1,468,944	907,919	16,069,979
2013	7,811,228	930,353	361,014	4,921,326	1,375,538	953,563	16,353,022
2014	7,884,737	957,003	350,268	4,770,385	1,323,377	968,877	16,254,647

Notes:

- (1) Includes all governmental fund type tax revenues.
- (2) Includes ad valorem and intangible taxes.
- (3) Increases in property tax revenues due to increases in the City's millage rate for maintenance and operations (M&O).
- (4) Beginning in FY 2010, special purpose local option sales tax revenue is reported as intergovernmental revenue for governmental funds whereas in prior fiscal years, this was reported as sales tax revenue.

2011	-	-	-		
2012	-	-			
2013	-	-			
2014	-	-			

Note 1: The City's governmental activities did not have any general obligation bonds outstanding in the last ten (10) years.

Note 2: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

SCHEDULE 14 CITY OF FOREST PARK, GEORGIA Direct and Overlapping Governmental Activities Debt As of June 30, 2014

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable (1)	Estimated Share of Overlapping Debt		
Direct General Obligation Debt:	<u> </u>	71661104010 (1)			
City of Forest Park, Georgia	\$ 585,912	100%	\$ 585,912		
Overlapping General Obligation Debt:					
Clayton County Board of Education	-	9%	-		
Clayton County	48,566,565	9%	4,370,991		
Landfill Authority	10,405,000	9%	936,450		
Total direct and overlapping debt			\$ 5,893,353		

Sources: Assessed value data used to estimate applicable percentages provided by the Clayton County Finance Department website. Debt outstanding data provided by Clayton County Finance Department.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Forest Park, Georgia. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the resident and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

SCHEDULE 15 CITY OF FOREST PARK, GEORGIA Legal Debt Margin Information Last Ten Calendar Years

Note - 1: The Constitution of the State of Georgia provides that the City may not incur long-term obligations payable out of general property taxes in excess of ten (10) percent of the assessed value of all taxable property within the City.

Note - 2: The City has no outstanding general obligation debt.
