FOREST PARK HISTORY

The City of Forest Park is located in the Metro Atlanta area in Clayton County. Forest Park is the largest city in Clayton County with a diverse population of about 19,000 per the 2010 census.

The Forest Park area was settled in the 1820's and incorporated in August 1908 as "Astor", Georgia. Astor served as a wood and water stop for the Central of Georgia railroad for steam locomotivetrains traveling in and out of Atlanta.

The Railroad later renamed the City to "Forrest Park" (two "r"s) because of the many park areas deeded to the City by the Railroad. In 1952, the City Charter was changed to today's spelling of Forest Park.

The town grew slowly until the 1950's post war boom, when it became one of the fastest growing areas in the country. From 1950 to 1960 the population increased 461% (but only 23% since then).

This growth was partially fueled by the Ford Assembly Plant in Hapeville, the General Motors Assembly Plant in Atlanta, and the Atlanta Army Depot (now called Fort Gillem). The major driving force in the growth of our City was the rapidly expanding Atlanta International Airport. Now called Hartsfield/Jackson the airport is still a major influence.

FORM OF GOVERNMENT

The City Council serves as the Community's legislative body responsible for enacting City ordinances and appropriating funds to conduct City business

The City Council provides policy direction and leadership to the City Manager and serves as a liaison between the City and a variety of committees, boards, authorities and citizen groups concerning community issues.

Other appointments include the City Clerk, the City Attorney, Municipal Judges, and Solicitors, Superintendent of Elections, Voter Registrar, and members to various Boards.

How To Use This Operating Budget

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balance, and appropriations that are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive input from the various departments as well as the public.

The budget document is prepared to provide information about the City, both financial information and operational/policy information. The reader should first review the Table of Contents and read the City Manager's letter. Then the Table of Contents should be followed in order. The revenues budgets provide the sources for funding the department budgets. The specific department budgets provide the detailed information as to the purposes for which the City's resources will be utilized during the fiscal year.

The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self-balancing set of accounts designed to track specific revenues and the use of those revenues. Each fund is independent of all other funds, and money cannot be transferred from one fund to anotherwithout the approval of the City Council.

Questions & Answers

Q: What is the purpose of the City Budget?

A: The budget is an annual financial plan for the City of Forest Park. It specifies the level of municipal services to be provided in the coming year and the resources, including personnel positions, capital expenditures and operating expenses needed to provide these services. It reflects the policies and priorities set by the Mayor and City Council.

Q: How and when is the budget prepared?

A: Each March, city departments submit their plans and needs for the coming year to the Director of Finance. The Director of Finance compiles the proposed budgets, which are then reviewed by the City Manager and revised to reflect his goals for the upcoming fiscal year. The City Manager then submits his/her recommended budget to the City Council in May. The City Council reviews the budget, holds at least one public hearing to obtain citizen input and then adopts the final budget along with an ordinance establishing the property tax rate required to fund the budget.

Q: What is a fiscal year?

A: A fiscal year is a 12-month operating cycle that comprises a budget and financial reporting period. The City's fiscal year begins on July 1 and ends on June 30.

Q: From where does the City obtain revenues?

A: From local, state and federal taxes, and licenses, in addition to payments for citations and municipalservices.

Q: How is the revenue, obtained by the City, used?

A: It is used to pay for salaries, operating supplies, other operating costs such as utilities and insurance, and capital purchases such as buildings, vehicles, and equipment as specified in the City budget.

Q: What is a millage rate?

A: When the City adopts its annual budget, it determines the tax rate that must be applied on property in order to generate the necessary revenue in addition to all other sources that are available. The tax ratefor the City of Forest Park for FY 2020 was 16.743 mills, or \$16.74 per \$1,000 of taxable value. The Clayton County Tax Assessor establishes the taxable value of all property in the City. The City has no control over the taxable value of property; it only has control over the tax rate that is levied.

Q: What is a mill of tax?

A: One mill is equal to \$1 for each \$1,000 of assessed property value .

Q: What is a fund?

A: A fund is a separate accounting entity within the City that receives revenues from a specific source and expends them on a specific activity or activities. The City is comprised of several separate funds, allof which perform distinct activities.

Q: What is the difference between Ad Valorem Tax and Property Tax?

A: There is no difference. They are different names for the same tax.

Q: What is an operating budget?

A: An operating budget is an annual financial plan for recurring expenditures, such as salaries, utilities, and supplies.

Q: What is an enterprise fund?

A: An enterprise fund earns its own revenues by charging customers for the services that it provides.

Q: What is a budget appropriation?

A: A budget appropriation is a specific amount of money that has been approved by the City Council foruse in a particular manner.

Q: What is a budget amendment?

A: A budget amendment is an ordinance adopted by the City Council which alters the adopted budget by appropriating additional monies to a particular department, decreasing appropriations to a particular department, or transferring funds from one department to another.

Q: Who establishes the rules by which The City of Forest Park adopts its annual budget and property taxes?

A: The property tax rate and budget adoption processes are governed by the City Council, the City Charter and State Statues

Q: Who is the Chief Administrative Officer of the City Of Forest Park?

A: The City Manager is the Chief Administrative Officer of the City of Forest Park. This individual ishired by and reports directly to the City Council. All other employees report to the City Manager.

Q: What are franchise fees, and why does The City of Forest Park levy them?

A: The franchise fee is a charge levied by the City on a utility to operate within the City and to use the City rights-of-way and other properties for locating pipes, wires, etc.

FINANCIAL POLICIES

Budget

The budget provides the primary mechanism by which key decisions are made regarding the level and types of services to be provided given the anticipated level of available resources. Budget policy states how this is achieved and addresses the need for financial health and stability.

Balanced Budget

The State of Georgia requires all governments must have a balanced budget for all funds. Totalanticipated revenues plus that portion of the fund balance in excess of authorized reserves should equal total expenditures for each fund.

Financing Current Expenditures

Current expenditures shall be financed with current revenues, which may include that portion of the fundbalance in excess of authorized reserves.

Level of Budget Adoption

The budget shall be adopted at the legal level of budgetary control which is fund/department level (i.e.expenditures may not exceed the total appropriations for any department within a fund without the City Council's approval). The City Council approves transfers within a department's budget. All budgets shall be adopted on a basis consistent with Generally Accepted Accounting Principles as promulgated by the Government Accounting Standards Board.

Since the budget is a plan, budget adjustments during the year may be required due to circumstances, which were unforeseen prior to the adoption of the budget. Department Directors may request budget adjustments through the Finance Office, provided that the adjustments do not increase the overall budget or personal services allocation for that department. Any additional budget adjustments dealing with personnel, capital outlay, or overall dollar increases must be approved by the City Council. These budget changes will be presented in the form of an ordinance stating the line item number and the reason for the adjustments.

FINANCIAL POLICIES

Budgeting and Accounting Control

Management of the City is responsible for establishing and maintaining an internal structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate data is compiled to allow for preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP).

The budget is adopted on a basis consistent with generally accepted accounting principles. The accounting system uses formal budgetary integration as a management control device. Encumbrances are recorded to prevent expenditures from exceeding the budget amounts. The City's accounting records for governmental fund types are maintained on a modified accrual basis, with revenues being recorded when available and measurable and expenditures being recorded when services or goods are received and the liabilities are incurred.

The level of budgetary control (the level at which expenditures cannot legally exceed the approved budget) is maintained at the department level (Administration, Police, Fire, etc.) The objective of these budgetary controls is to ensure compliance with legal provisions and mandates embodied in the approved annual budget adopted by the City Council. The annual budget includes the General Fund, Capital Fund and Grant Funds.

FINANCIAL POLICIES

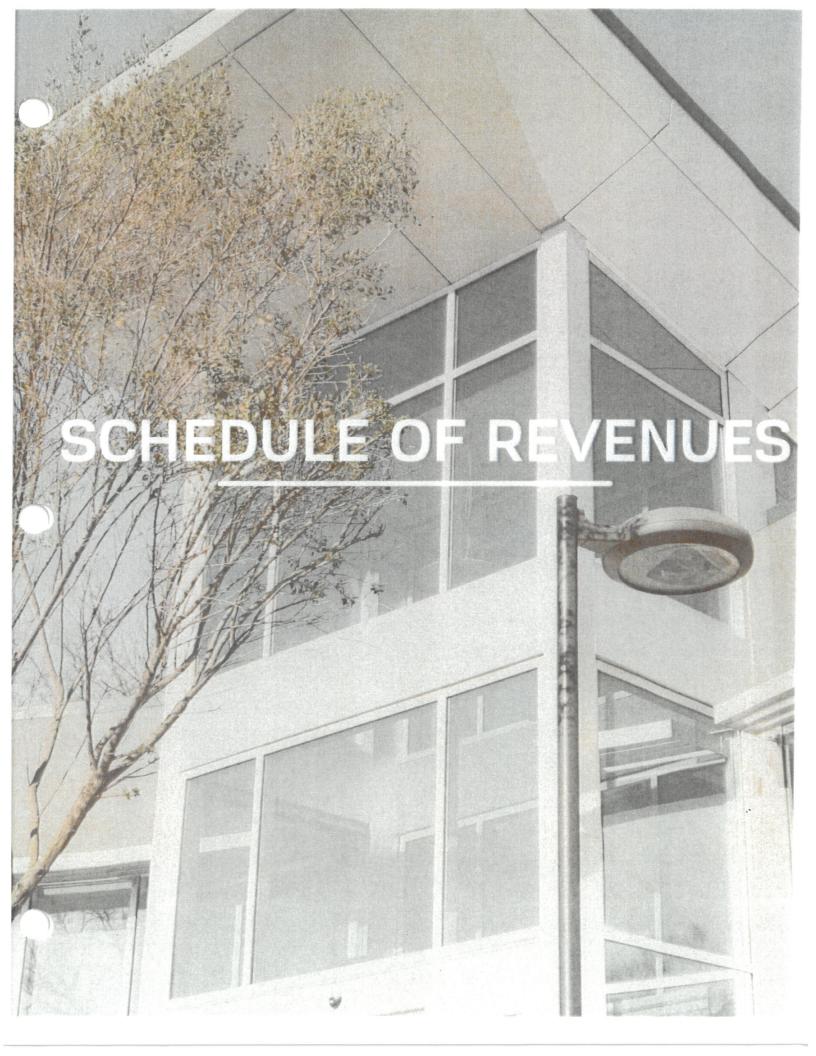

The Budget Process

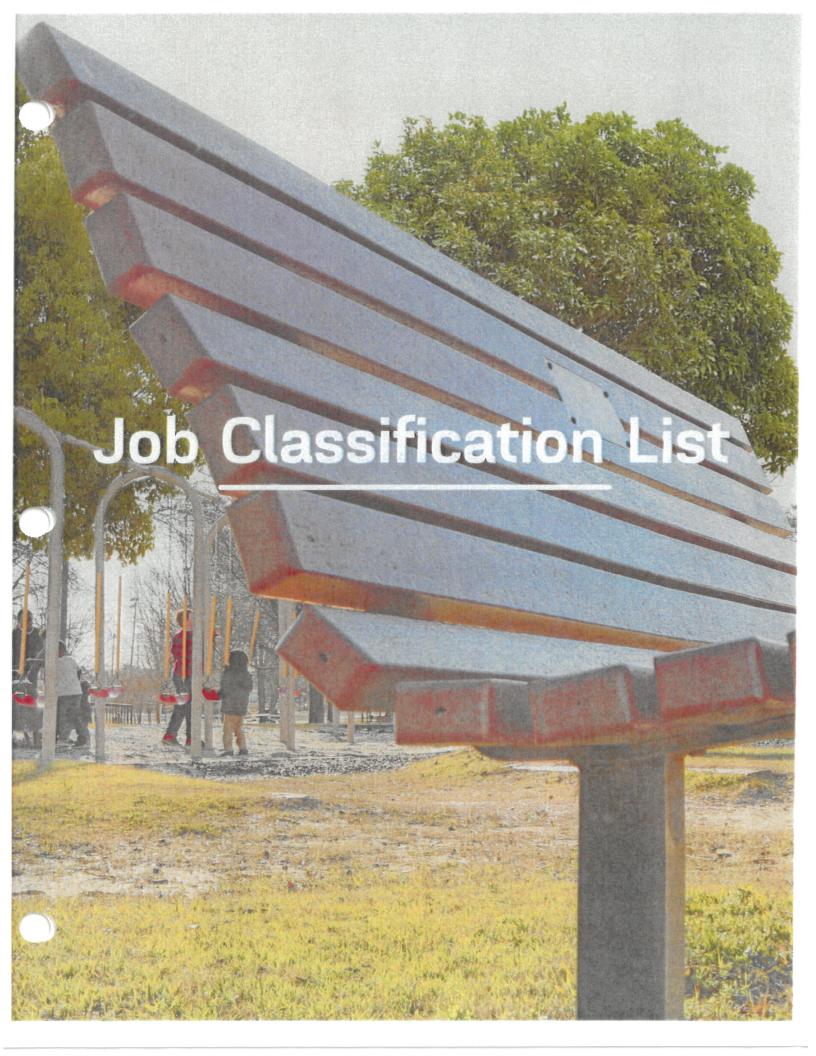

The budget process begins in early March with a meeting of the Directors of each department and the City Manager to discuss needs and goals. The City Manager presents his/her ideas and direction on what he/she would like to accomplish the coming year. Budget worksheets are given to the Directors at this meeting, to be completed and returned.

The directors and the City Manager work as a team to establish a balanced budget. Meetings are held with the Directors of each department and the City Manager to review the department's operating budget and to prioritize the schedule of capital requests. This process lasts two to three months.

Before adoption, work sessions are conducted with the Mayor and Council to review the budgetdocuments and to make changes or additions as needed. Each department Director makes apresentation to the Mayor and Council at the work sessions.

In June, the budget is presented in final form to the City Council and interested citizens during a public hearing. The final proposed budget is then adopted by the City Council on or before June 30 during a regular meeting. An ordinance is adopted establishing a balanced budget and a tentative millage rate is established. When the tax digest is received the final millage rate is then adopted after three publichearings are held.
